

Skin Care
Management System™

WITH LAYERED TECHNOLOGY

JANMARINI
SKIN RESEARCH®

Clinically validated system with synergistic layered technology

1 | Cleanse

Glycolic cleansers encourage a soft, smooth and more refined skin texture.

2 | Rejuvenate

Vitamin C & DMAE Complex improve the appearance of wrinkles, skin firmness and create a lifted, radiant look.

3 | Resurface

Dynamic ingredients target textural concerns and provide multifaceted resurfacing needs.

A second resurfacing product* can be applied to improve the appearance of pigmentation and sun damage.

4 | Hydrate

Versatile solution regulates moisture content, guards against inflammation and greatly enhances skin rejuvenation.

5 | Protect

Broad spectrum UV protection from the sun's harmful rays. Microscopic sponge encapsulation system provides a silky matte surface that does not feel heavy or oily.

Skin Care
Management System™

WITH LAYERED TECHNOLOGY

JANMARINI
SKIN RESEARCH®

*Available only in select Skin Care Management Systems

Is your skin on the System?

The award-winning Skin Care Management System™ was developed for all skin types. It utilizes synergistic layered technology to measurably improve the appearance of common skin conditions such as:

- Fine lines and wrinkles
- Skin discoloration
- Acne
- Rosacea
- Sun damage

The Skin Care Management System was designed for prolonged use with little to no irritation or acclimation.

Using the 5-step System is easy and intuitive. Immediately feel the difference from the first application. Skin will appear noticeably smoother and healthier.

By following the 5-step regimen daily, results will be sustained and improved.

CLINICAL RESULTS

- 100% of subjects saw a photographic improvement in skin appearance with usage of Skin Care Management System.
- 100% of subjects witnessed an overall improvement in the quality of their skin with usage of the Skin Care Management System.
- 94% of subjects observed no acclimation period from initial use of products. The other 6% of participants experienced only transient dryness and flaking with initial usage of Skin Care Management System.

Skin Care Management System

RESTORES | PREVENTS | MAINTAINS

- Non-irritating
- Easy to use
- Long-term solution
- Addresses multiple skin care concerns
- Solutions for all skin types

Jacqueline Calkin, MD, a board certified dermatologist from Sacramento, CA who is conducting research using the JMSR Skin Care Management System, stated "I've never before used a skin care system that, by itself, resulted in such universally satisfied patients or delivered results as quickly and consistently as I've seen with the JMSR Skin Care Management System. Further, we have found the system to be extremely tolerable and patient friendly, with little to no acclimation period. Amazingly, I was even able to start patients on a prescription retinoid with minimal retinoid side effects when used in conjunction with the JMSR Skin Care Management System. The JMSR System offers a great value to my patients and my practice."

For more information about the Skin Care Management System, ask your Physician or Skin Care Provider. Visit JanMarini.com for detailed information, including before and after images of clinical results.
